

# Centered Secrets

Coming back to balance naturally.

---

**NEWSLETTER NO. 12 – JULY 2019**

---

---

**NeoGenesis Health - Bliss Flora**

---

**Dear Valued Client**

**Great news Bliss Flora is here!!!**

This new product contains the patented probiotic extract PS23, which has been clinically proven to improve mood and modulate the levels of specific neurotransmitters, such as dopamine. Probiotics that affect the mood are a brand new, novel technology that are referred to as "psychobiotics". Research has highlighted the critical role played by the microbiome in all aspects of health, and this new category of nutraceuticals is one of the most exciting developments in the industry.

BlissFlora, with patented PS23 probiotic extract:

- May support positive mood balance
- May support healthy dopamine levels
- May support anxiety and depression
- May modulate cortisol levels

Listen to this video and the effect Bliss Flora may have on the Brain & Gut health functions.

**Bliss Flora is now available in 30's Capsules**

.....And 60's
